Presents:

'Your Passport to the New World!'

A one day workshop aimed at de-coding your 'cosmic origins' through the Mayan Calendar.

Saturday 12th November 2011

10.30 – 5.00 Primrose Cottage Retreat, Whittington WS13 8QQ

The Mayan Calendar is a template of time... natural 'synchronized' time. Living according to the 13 Moon Calendar links you to the magical stream of Cosmic Consciousness...

We are currently in a 'White Rhythmic Wizard' year with the 28th October 2011 marking what Carl Johan Calleman refers to as the calendar 'end point' and our entry into the New World! Never before has the potential been greater for humanity to cross the 'imaginal realm' of three-dimensional time and enter the Cosmic Ocean of Consciousness. Telepathy abounds as we access the 'inner shaman' within all of us, utilizing the Wizard's magic to create our grandest dreams from each waking moment! The 13 moon calendar is the legacy left by our indigenous ancestors – this workshop marks a 'celebratory' turning point and offers you an opportunity to embrace this amazing tool for personal and planetary empowerment!

Jacky and Jayne have taken their extensive knowledge of the Calendar into the outside world to teach, hoping that others may experience the 'dramatic shifts' that are activated once you are truly living it!

Cost: £60 (or 10% disc for early bird booking before 14th October). No prior knowledge required. The cost reflects an hour and a half per person in preparatory work 'prior' to the course taking place, plus a full working folder with coloured hand-outs to keep & on which to build; a 'mini' soul reading & guided meditation. Please bring a small portion of vegetarian food for a 'shared lunch'.
